

Merritt Youth & Family Resource Society (MYFRS) has been in operation for over 45+ years.

MYFRS is a non-profit, charitable organization dedicated to developing and delivering programs and

services for individuals and families living in the Nicola Valley. Our society is staffed by professionals

from diverse areas of expertise, all with a vision and passion for serving their community.

Our belief is that by working together, we can make a difference in our community and in the lives of

those who are in need.
